STAR Certificate
Registry Entry Form

The information below is provided as a companion to the CSA STAR Certificate.

Client Name: Microsoft

Client URL: https://azure.microsoft.com/en-us/

Client Organizational Description (200 words or less):

Microsoft Azure is a public cloud computing platform—with solutions including Infrastructure as a Service (IaaS), Platform as a Service (PaaS), and Software as a Service (SaaS) that can be used for services such as analytics, virtual computing, storage, networking, and much more.

Certificate Scope:

The scope of the CSA STAR certification is aligned to the scope of the ISO/IEC 27001:2022 Information Security Management System (ISMS) (certificate number 1729711-12) supporting Microsoft Azure, Dynamics 365, and other Online Services that are deployed in Azure Public and Government Cloud including their development, operations, and infrastructure and their associated security, privacy, and compliance and inclusive of the requirements and control implementation guidance of ISO/IEC 27701:2019 for a privacy information management system (PIMS) as data processor, in accordance with the statement of applicability version 2023.01.
