

STAR Certificate Registry Entry Form

The information below is provided as a companion to the CSA STAR Certificate.

Client Name: Netskope

Client URL: <https://www.netskope.com/>

Client Organizational Description (200 words or less):

Netskope, a global SASE leader, is redefining cloud, data, and network security to help organizations apply zero trust principles to protect data. Fast and easy to use, the Netskope platform provides optimized access and real-time security for people, devices, and data anywhere they go. Netskope helps customers reduce risk, accelerate performance, and get unrivaled visibility into any cloud, web, and private application activity. Thousands of customers, including more than 25 of the Fortune 100, trust Netskope and its powerful NewEdge network to address evolving threats, new risks, technology shifts, organizational and network changes, and new regulatory requirements.

Certificate Scope:

The certificate scope comprises the information security management system (ISMS) supporting the operations underlying the Netskope Security Cloud offering. These activities are governed by the implemented controls in accordance with ISO/IEC 27017:2015, ISO/IEC 27018:2019, and the Cloud Controls Matrix (version 4). The organizational scope includes Human Resources, Global Information Security, Corporate Information Technology, Platform Engineering, Engineering and Customer Support affecting the ISMS.
